3,356

children throughout House District 1

Children in EITC households have:

Better birth outcomes

Higher educational attainment

More earnings as adults

2,829

Households helped by creating a state EITC.

Local Impact from creating a state EITC

Average boost to working families' incomes

\$332

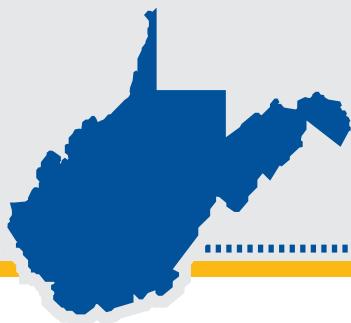

Annual economic activity from creating a state EITC

\$908,344

Why creating a state EITC works for West Virginia's economy:

- The EITC lets low-and moderate-income working families keep more of their earnings to help pay for things that help them keep working, such as child care and transportation.
- The EITC reduces the number of children living in poverty and improves kids' chances of success as adults.
- By helping low-wage workers keep more of their incomes, the EITC increases consumer spending which then boosts local economies across the state.

Local Impact from creating a state EITC

Average boost to working families' incomes

\$332

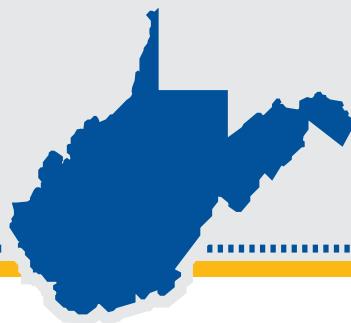

Annual economic activity from creating a state EITC

\$606,157

Why creating a state EITC works for West Virginia's economy:

- The EITC lets low-and moderate-income working families keep more of their earnings to help pay for things that help them keep working, such as child care and transportation.
- The EITC reduces the number of children living in poverty and improves kids' chances of success as adults.
- By helping low-wage workers keep more of their incomes, the EITC increases consumer spending which then boosts local economies across the state.

\$535,732

Why creating a state EITC works for West Virginia's economy:

- The EITC lets low-and moderate-income working families keep more of their earnings to help pay for things that help them keep working, such as child care and transportation.
- The EITC reduces the number of children living in poverty and improves kids' chances of success as adults.
- By helping low-wage workers keep more of their incomes, the EITC increases consumer spending which then boosts local economies across the state.
